

Service & Contractor Parking Permits

Proposing new Contractor Permit in addition to
existing Service Permits

Transportation Services Advisory Committee
May 4, 2016

Service Permit

- Only permit offered for non-affiliates completing construction projects or servicing equipment
- Over 1000 in circulation
 - 928 annual
 - 78 temporary
- Parking in service spaces and displacing true service providers

Service Permit

- Proposed Changes
 - All applications completed with and approved by SSC/UES before permit issued to company by TS
 - Excluding University contracts with service providers e.g., Kone, Pepsi
 - Anticipate significant reduction of permits in circulation due to
 - Vetting process
 - Construction companies no longer eligible

Proposed Contractor Permit

- New Contractor designated areas and map
- Parking in Service Spaces not permitted
- Limit number of permits issued to one company based on contract needs
- Many companies working on a single project will be issued permits for a specific lot only
